

Little Angels is part of an accredited K-6 school.

"Little Angels is unique in its program style, warmth and love exemplified to their little learners! We could not have asked for a better program for him as he develops and prepares for Kindergarten, and are going to be incredibly sad to say goodbye to Little Angels when the school year ends!" -Kelsie Mutzke

"There is nothing better than a teacher and school that allow your child to be themselves, and grow at their own pace. This is an amazing school, GREAT teacher, and it will feel like home to any child that goes there." -Emily Travaille
